

Helpful Hints for Exhibitors of the 2017 San Antonio Stock Show & Rodeo Livestock Show

The San Antonio Livestock Exposition, Inc. is home to one of the largest junior livestock shows in the world. Over 12,500 exhibitors from nearly every county in Texas[®] enter our show each year. The volunteers that put on our show are committed to providing each exhibitor the best experience possible. The San Antonio Stock Show & Rodeo is well known for its down home approach and hospitality to exhibitors, patrons, and show officials. We strive to treat our exhibitors as our guests and we appreciate that they choose to come to San Antonio. To those 4-H and FFA supervisors and exhibitors who have come many years, we thank you. To those who may be new to San Antonio, we are excited to host you! These “Helpful Hints” are designed for exhibitors to be aware of our procedures both before and after arrival on the grounds.

Premium List

The [2017 Livestock Premium List](#) includes all rules and regulations regarding the 2017 San Antonio Stock Show & Rodeo Livestock Show. The Premium List includes all schedules, entry and eligibility requirements, auction and premium information, and rules for each show or contest offered in the Livestock Department. It is imperative for all exhibitors and their families to read and understand all the rules associated with every show/contest they are considering participation. The Premium List is typically posted online in early October.

Biosecurity

Every animal that comes on grounds must be compliant with current Texas Animal Health Commission rules, and requirements are subject to change. View the San Antonio Stock Show & Rodeo's Health Requirements in the [2017 Livestock Premium List](#) (pages 38-39).

Anytime there is congregation of animals, especially animals originating from different premises, there is increased risk for the spread of diseases. Establishing and following sound biosecurity practices is the cornerstone for reducing the risk of spreading these diseases. Exhibitors are encouraged to work with their local veterinarian and AST/CEA to establish a proper protocol for their animals before, during and after the show.

Entering the Livestock Show

Junior livestock show exhibitors are required to enter the Livestock Show via their respective Agricultural Science Teacher (AST) or the County Extension Agent (CEA). Exhibitors should contact their AST/CEA to learn more about the entry process for each chapter/county.

Credentials

Junior show passes purchased during the entry process will be mailed to the exhibitor's AST/CEA before the show. Open show exhibitors may pick up and/or purchase passes at the Salado Creek Property Office. Upon arrival to the show, additional gate/car passes can be purchased at the Salado Creek Property or the Livestock Office on grounds provided they are available.

Arriving at the Show

All livestock and agricultural mechanics projects will first report to the Salado Creek Property. Exhibitors will be greeted by volunteers upon entering the area. At this point, exhibitors will be placed in line for unloading in the order at which they arrive. Once the Stalling Process begins, volunteers will report to the exhibitor's vehicles and provide further instructions on the unloading process and stalling information. The Salado Creek Property is open 24 hours a day beginning at 9 pm on Tuesday, February 7th for your convenience. Please keep in mind that no animals are allowed off the trailers while at Salado Creek Property.

While every effort is taken to minimize the wait time at the Salado Creek Property and make the process more efficient, exhibitors should be prepared to wait in line for an extended period. Finally, be aware that Check-In does not occur at the Salado Creek Property. Further steps will need to be taken once the exhibitor arrives on the grounds to make sure their animal is properly checked-in.

Unloading at the Barns

From the Salado Creek Property, exhibitors will be directed to the East Gate of the Freeman Coliseum/AT&T Center grounds. Volunteers will provide helpful instructions detailing where exhibitors will unload their projects. While unloading, we encourage each exhibitor to be as efficient as possible in order to expedite the process for the others still waiting in line. Many times volunteers and interns are available to help with the unloading process.

Trailer Parking

After unloading, exhibitors will return back to the Salado Creek Property to park empty livestock trailers. Volunteers are at the lot 24 hours a day to help exhibitors drop off and pick up trailers. No livestock are allowed in the area where empty trailers are being parked. Additionally, no exhibitors are allowed to stay in this area of the lot overnight.

Check-In

Exhibitors are reminded that Check-In does not occur at the Salado Creek Property. For most shows and contests, Check-In consists of turning in paperwork to the show superintendent or entering information into a kiosk once they arrive on the grounds. Please ask the volunteers or superintendents of the respective show/contest where and how to Check-In. [®]

During the Show

Class postings will be available throughout the barn when they become available after Check-In. Exhibitors are encouraged to monitor the judging progress throughout the day so that they are prepared when their class is called to the staging area. When the exhibitor has completed his/her class, they will need to follow the guidelines of their specific show departure.

Release

Release times will be announced by the department Superintendent. No livestock may exit the grounds between 10pm and 7am.

Livestock Office

The Livestock Office located between the Morris Center and Swine Barn is open daily from 7am-6pm. Volunteers and staff are available to answer any questions, help with late entries, sell parking/gate passes as available, and assist with any problems.

Feed Store

Feed, hay, shavings, and other supplies are available for purchase on site at the S.A.L.E. Feed Stores, located at the east end of the Horse Show Stall Barn and the east end of the Cattle Barn.

Official Show Veterinarian

The official show veterinarian, Dr. Ben Espy, and his staff are available at all times during the Livestock Show. The Official Show Veterinarian Office is located at the north end of Animal Adventures/Cattle Barn #2. For the convenience of exhibitors, the San Antonio Stock Show & Rodeo arranges to have veterinarians available; however, they do not donate their services or medications. All medication administered during the livestock show must be administered by the Official San Antonio Stock Show and Rodeo Veterinarian. Dr. Espy is a great resource regarding specific animal health requirements *prior to arrival*, and his contact number is 210-281-4765.

Auction, Premium and Floor Checks

Many exhibitors will be fortunate to receive premium monies or qualify for the Junior Livestock Auction. *Premium* and *auction* checks are typically mailed from the S.A.L.E. to the respective AST/CEA at the end of March. Exhibitors will need to visit their AST/CEA to receive their check. *Floor* checks for market animals are typically sent from the Texas Livestock Marketing Association (TLMA) to the AST/CEA in mid-March. If there are any questions regarding floor checks, please contact TLMA directly.
